As **Front-End Developer** I have knowledge of web technologies like **HTML5**, **CSS3**, and **JavaScript**, with a focus on the **React** ecosystem, so I have expanded my skillset with the learning of **TypeScript**, **Redux**, **Jest**, **Tailwindcss** and **Nextjs**. I also have experience working with technologies like **SASS**, **CSS Modules**, **Astrojs**, **Bootstrap**, **Git**, and cloud repositories like **Github**.

## Experience

### **VASI** | PERSONAL PROJECT | MAR 2024 – PRESENT

VASI (Virtual Assistant for Study Improvement) is a web application designed to provide interactive exercises to support learning in subjects as math, physics, history, etc. It features an AI-based system that generates personalized quizzes based on selected topics and provides automatic feedback and answer review. (Next.js, TypeScript, Vercel AI SDK)

### **PASARI RPI** | FREELANCE PROJECT | FEB 2025 - APR 2025

Official website for Pasari, a student team from Tecnológico de Monterrey competing in the international Formula SAE competition. The platform showcases the team's work and achievements, including sections for team members, car designs, sponsors, and competition results. Key features include a filtering system to explore team areas, multilingual support (English and Spanish), and a modern responsive design. (Astro, React, Tailwind CSS, TypeScript)

### **BLOG** | PERSONAL PROJECT | DEC 2023 - PRESENT

Personal blog to share guides, solutions, and insights related to web development and programming. Includes features such as search functionality, article publishing, and filtering by categories. (Astro, TypeScript, Cypress)

Repository: <https://github.com/LugpDev2022/blog>

### **PORTFOLIO** | PERSONAL PROJECT | DEC 2023

My personal website showcasing projects, skills, and contact information. Features scroll animations and a language selector (English/Spanish). (Astrojs, CSS3, HTML5, React, Tailwindcss, TypeScript)

Repository: <https://github.com/LugpDev2022/portfolio>

## Education

B.S. in Computer Technologies | Tecnológico de Monterrey | 2025 – Present

Self-taught Education | Official documentation and online courses | 2021 – Present

High School | Tecnológico de Monterrey | 2022 – 2025

## Languages

Spanish (Native Language)

English (C1 – Pearson English International Certificate)

French (A2 – DELF)
